Issue 22, Volume 1

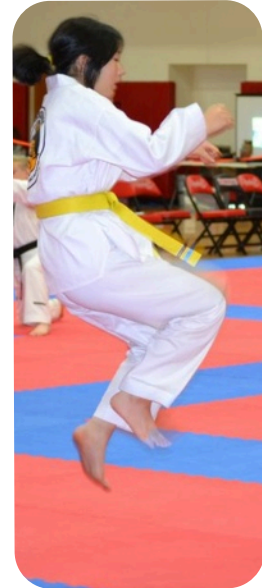

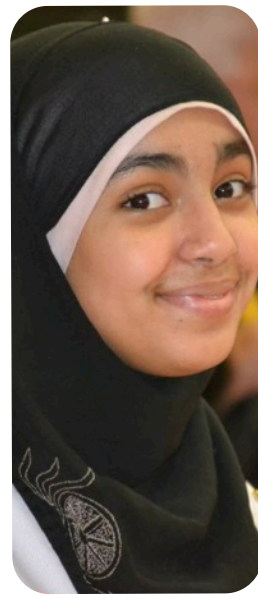

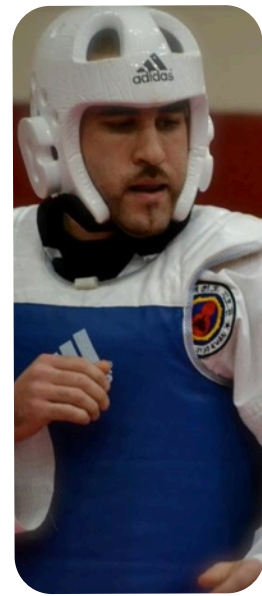

Well, another tournament has come and gone - there was a lot of great competition this year, with many Chosun students placing first in their divisions! Camaraderie and good sportsmanship were tantamount to success and every student involved in this tournament did a fantastic job presenting these facets to all of the other competing schools. Remember, though, that tournament is not about trophies - it's about doing your best and growing as a student! Trophies are wonderful and placing first is a fantastic feeling, but in the end, it's all about the experience, both in terms of having fun and learning from our competitors!

Check out that kick!

Great Sportsmanship!
