Character Trait #10:

"Demonstrates Integrity In All Situations"

A Kage No Michi Ninja always puts their integrity and morals before selfish desires. Remember, honesty is the best policy. How have you been able to demonstrate this outside of the dojo?

Here are examples of showing this trait in a practical situation.

1. Finding money and returning it.
2. Being the "better person" and ignoring someone who calls you a name.
3. Keeping a promise.
