Character Trait #4:

"Has Humility, Even After Victory"

A Kage No Michi Ninja knows that showing humility after a win is a great example of respect for one another. How have you been able to demonstrate this outside of the dojo? Here are examples of showing this trait in a practical situation.

1. "High 5" other team after a sports game.
2. Congratulate others on a good job when you win.
3. Demonstrates good sportsmanship.
